Society Social Directory Enrollment

The National Imperial Glass Collectors' Society, Inc. (Society) is offering as a service to its membership a Society Social Directory (Directory) of all primary members and associate members who wish to be included in it. *The Society does not obligate anyone to be included in this Directory as a condition of membership in the Society.* (Members at the Youth Membership Level are not eligible to be included in this Directory.) It will be available to the members of the Society solely to foster communication between Members, and the Society does not condone any other use of this Directory. Neither the Board nor the Society accept responsibility for any manner in which this Directory is used. Members choosing to be included in this Directory do so under the provisions set forth by the Board in this document.

The Directory will be updated with additions and removals as needed and as time permits. However, the Society is not obligated to update the Directory on any specific dates or according to any mathematical formula. Further, the Society is not obligated to distribute the Directory on any specific date. The Society may distribute the Directory electronically or in hard copy format.

Neither the Society nor the Board shall bear responsibility for any errors that may appear in the Directory or any omissions. Neither the Society nor the Board shall bear responsibility for any outcomes, harm to any individual, or damage to or theft of anyone's possessions or property as a result of anyone's name or associated information being included, whether correctly or incorrectly, in the Directory. On his/her own volition, by completing the form below with signature and only with information that he/she wishes to have listed in the Directory, the Primary or Associate Member agrees to be included in the Directory. The Society is not obligated to include in the Directory anything or everything that is filled in below.

Check either Primary Member or Associate Member—one person per form. Then fill out the form only with information that you wish to have listed in the Directory. The Society requires your signature and date at the bottom of the form.
